Facilities

Various projects are being considered for this pool season. The pool bottom will need to be resurfaced. Bob N. asked if the possibility of deepening the end of the swim lanes near the 3 foot section can be investigated. There is concern for swim team members diving in those first 3 lanes. The crack in the deep end needs to be investigated as well – the cause and what can be done to fix it.

Water line out front needs to be fixed and the parking lot should be resurfaced.

Membership

81 people are on the waiting list.

Communications

The pool sign needs to be pried open. Kelly asked if facilities can look at it to see if they can fix it or if someone else needs to be called out.

Kelly is working on a robo-text program to inform membership of events happening at the pool and any up to date information that needs to be shared such as inclement closings, etc

The Buy/Sell page on website is not working properly. Kelly is going to delete that link. Members can post on other social media sites/venues and go through Paul.

The pool is collection donations for a family in need.

A second internet line is needed to be dedicated for only the square system (snack bar and front desk)
